Subject: Transfer, posting and relieving of Staff in March 2025– Reg.

I am directed to convey that to maximize revenue during March 2025, it is essential that all staff, regardless of grade, actively contribute to revenue-generation and collection activities, including new SIM sales, FTTH connections, enterprise business expansion, and collection of outstanding payments, etc.

Accordingly, transfer/ relieving of any staff from their present place of posting may not be carried until 31.03.2025 unless unavoidable due to operational exigencies or required for maintaining uninterrupted services to our customers. Approval of circle head shall be taken in all such exceptional cases.

All staff may be urged to put in their best efforts with a sole focus on driving revenue generation efforts and achieving the annual targets. All channels of cash inflows must be fully activated and operational during this period (if possible such channels should be available at least for some designated time even during weekends and holidays) to maximize the collections.

This is issued with the approval of the Competent Authority.
