**Subject:** Non-functioning of the Sanchar Aadhar system since 1st December, 2025 - huge financial loss to BSNL - employees facing the wrath of the frustrated customers - requesting to take immediate remedial measures -reg.

**Respected Sir,**

We wish to bring the following to your kind notice for favour of necessary action.

As we have already repeatedly brought to the notice of the top Management of the Company, the Sanchar Aadhar System is not functioning from 01-12- 2025 onwards. It is regrettable and unfortunate that the BSNL Management has not been able to put in place a viable alternative arrangement.

Due to the non- availability of Sanchar Aadhar support, the very important activities of BSNL such as SIM sales and activation, FTTH connections, MNP, 4G SIM upgradation, conversion from pre-paid to post-paid connection and vice versa, SIM replacement, DKYC activation, etc., are completely crippled. It is needless for us to state that, due to the disruption of the above activities, BSNL has suffered a huge loss of revenue during the past 10 days. This is a very big setback for BSNL, especially at a time when all out efforts need to be taken for the financial revival of the Company.

Due to the disruption of the essential services of the Company, the employees are left to face the wrath of our customers. The highly frustrated customers are showing their anger to the employees. Consequently, employees are facing shoutings and insulting remarks from the customer's day in and day out. Disruption of BSNL's essential services for such a long time has definitely eroded the goodwill of our esteemed customers and the image of BSNL is severely dented

We are repeatedly knocking the doors of the top Management for an early solution to the problem. However, even after 10 days, we are unable to see any meaningful action having been taken by BSNL Management.

In view of the forgoing, we once again fervently request the Management to immediately put in place an alternative system in the place of the Sanchar Aadhar system, to mitigate the sufferings of the customers and our employees.

With warm regards,

Animesh Mitra
